

From basic first aid supplies to vital medical equipment like nebulisers, you can help save lives in sub-Saharan Africa

Every donation you give supports more than one life.

All the health units we support provide free healthcare to the most disadvantaged patients and together serve a combined population of over 11 million.

If an item is not listed or if you have any queries, please contact us on 0116 269 5925 or email at info@intercare.org.uk

More information

How to deliver your donation to Inter Care

If you have surplus medical items that we can accept, please give us a call 0116 269 5925 or email your enquiry to info@intercare.org.uk

Medical items are so scarce

Inter Care supports the poorest and most rural health centres in Ghana, Malawi, Sierra Leone, Tanzania and Zambia. They all have a lack of medical supplies due to limited funding and the inability to source what they desperately need.

How we support our partner health units

Each health unit has individual needs which we fulfill where possible. We ensure that the medical aid is appropriate and securely delivered to our partners.

How you can help us send medical items to our partners

To enable us to send medical aid to vulnerable patients in Africa, we always welcome donations. You can donate via www.intercare.org.uk or via cheque to Inter Care Ltd, 46 The Half Croft, Syston, Leicester LE7 1LD
